DETAILED ACTION

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brian Morrison on 31 May 2006.

The application has been amended as follows:

Specification, page 5, line 22, "PCT/US03/____" has been replaced with
--PCT/US03/10219--

Specification, page 11, line 21, "PCT/US03/____" has been replaced with
--PCT/US03/10220--

Claim 34, line 1, "1" has been replaced with --9--

Allowable Subject Matter

Claims 1-44 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record neither teaches nor suggests the claimed method for making a prototype plastic injection molded part including the step of injecting a liquefied ribbon of plastic material into the mold cavity using an extrusion head at a pressure of less than 20 psi, until the material fills the cavity.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
